SUMMARY

Bilingual (EN/ZH) marketing and operations professional who turns ambiguity into action. Brings hands-on experience across content localization, cross-cultural stakeholder management, and AI-assisted product development — with a consistent record of delivering under pressure: national competition champion, published researcher, and one of 8 teams selected from 150+ in L'Oréal Brandstorm Taiwan. Self-directed learner who taught herself Python and Vissim in under four weeks; currently exploring Microsoft Copilot to accelerate content workflows. Brings a Growth Mindset and T-shaped skill profile — deep bilingual content capability, broad cross-functional range — to drive impact in Microsoft Taiwan's marketing operations.

SKILLS

Marketing & Content: Bilingual content creation (EN/ZH) · Copywriting & localization · Brand storytelling · Campaign pitching · Social media content · Digital media production

Data & Tools: Python (scripting & data analysis) · Vissim (traffic simulation) · LINE Bot development · Microsoft 365 · Microsoft Copilot (exploring)

Project & Operations: Cross-functional coordination · Stakeholder management · Event execution · Cross-cultural communication · Agile task prioritization

Languages: Mandarin Chinese (Native) · English (Professional — IELTS 6.5, MOE Exchange Awardee)

EDUCATION

National Cheng Kung University (NCKU) Sep 2024 – Jun 2027 (Expected)

B.B.A. in Transportation & Communication Management Science · Tainan, Taiwan

- **Selected as 1 of 18 students nationwide** for the MOE Global Study Grant — exchange placement at the University of Liverpool.
- IELTS 6.5 · Conducted all competition pitches and research presentations in English.

WORK EXPERIENCE

Global View Cultural & Creative (遠見文創) — Teaching Assistant & Cross-Cultural Coordinator

Summer Camp Internship · New Taipei City, Taiwan Jul 2025 – Aug 2025

- **Localized bilingual instructional content** from Canadian curriculum standards into accessible English for 30+ Grade 5–6 learners, maintaining full immersive environment standards throughout.
- **Facilitated 10+ cross-cultural briefings per week** between 1 international instructor and 2 Fulbright managers, proactively resolving communication gaps to maintain daily program continuity.

Alpha Ring — Administrative Assistant Intern

Summer Internship · Taipei, Taiwan Jun 2024 – Aug 2024

- **Independently owned end-to-end VIP logistics** — transportation, hospitality, and NDA coordination — for ~2 high-stakes executive meetings per week, delivering zero-error support as sole coordinator under supervisor oversight.
- **Executed full event operations** for the Tainan Laboratory Grand Opening, managing stakeholder engagement for 50+ attendees including C-level VIPs across hospitality, logistics, and bilingual communications.
- Secured role through a **100% English-language selection process**; operated as primary bilingual liaison for all executive-level communications throughout.

RESEARCH

National Science and Technology Council (NSTC) — Undergraduate Researcher Nov 2025 – Feb 2027

Tainan, Taiwan

- **Self-taught Python and Vissim in under 4 weeks** via independent study — no formal faculty instruction — then applied both tools to build a production-grade digital twin model for urban traffic simulation, contributing to a published pedestrian safety study.
- **Authored and published** "Green Last-Mile Transformation: A Case Study of DHL Express Taiwan" — a market research case study selected for inclusion in a competitive professional thesis collection alongside 5+ peer papers.

HONORS & COMPETITIONS

iLink Creative Business Competition — Champion (1st Place) Sep – Oct 2026

- Defeated 30+ competing teams (5-person team). Pioneered the UK "Walking School Bus" concept for the Taiwan market; **engineered a LINE Bot in under 24 hours** to automate real-time coordination across 40+ cross-disciplinary participants — sole team to ship a working technical prototype.

DreamHack Business Case Competition — 2nd Place (Silver Medal) Jan 2026

- Placed 2nd among 15+ teams (3–5 members each). Designed a Digital Twin solution for clinical nursing training; **earned an unsolicited direct recruitment offer** from Tera Thinker's founder mid-competition — the only team to receive a talent approach — validating commercial viability of the concept.

L'Oréal Brandstorm 2026 — Top 8 / 150+ Teams, Taiwan Jan 2026

- Selected through a 3-stage national process: advanced from 150+ teams → Top 8 in Stage 1 (Taiwan). Delivered a full-English data-driven pitch for a "Precision Fragrance App" to an international judging panel under global competition standards.

LEADERSHIP & COMMUNICATION

- **NCKU CLC Student Service Group — Executive Member (2-year tenure):** Managed volunteer-student matching and task allocation across recurring community service events.
- **Professional Bilingual Hosting:** Served as bilingual MC for the 2024 Microbiological Society Meeting (50+ attendees); acted as simultaneous interpreter for Māori-Taiwanese cultural exchange workshops.
- **Digital Content Production:** Produced precision English subtitles for 2 episodes (~83 mins total) of the "Original Form" Podcast, expanding accessibility for English-speaking audiences.
